BENDING ROLL MACHINE **8266**

Machine number: _____

Delivery date: _____

Dealer: _____

Signature Nosstec: _____

Signature Dealer: _____

Congratulations on your bending roll machine from Nosstec!

At Nosstec we believe very strongly in producing bending roll machines made with pride and superior quality. For us, superior quality means a long lifetime of the machine and also the best sustainability for our customers' investment.

Nosstec bending roll machine type 8266 is covered by a 5 year warranty – please see prerequisites below.

Nosstec 5-Years Warranty includes free delivery of spare parts and repair costs caused by electrical and/or mechanical failures. Warranty is valid from date of delivery ex-works Nosstec, Sweden.

Nosstec will do its utmost to repair the machine in order to minimize any failures. In case the machine cannot be repaired, Nosstec reserves the right to substitute the machine with a similar product. The substituted machine will then take over the remaining portion of the warranty period.

Warranty does not cover:

- Failures caused by user faults
- Failures caused by external incidents such as misuse, fire, overload and thunderstorms
- Exchange of components that are seen as normal wear components
- Failures caused by overload of stated machine capacity, i.e. too thick sheet metals
- Failures caused by deviations from installation steps described in the instruction manual
- Costs at customer in form of income loss
- Costs at customer in form of damages to other properties caused by machine failure

Warranty is applied to the specific machine and machine number and will therefore follow the machine even if it is sold to another company during the original 5 year warranty period.

Warranty can be applied by contacting your Nosstec dealer who will handle warranty actions with Nosstec. The warranty can furthermore only be applied by using Nosstec exclusively named dealers – see www.nosstec.se. Warranty is invalidated if a non-authorized service attempt is performed by any party.
